ProShares makes reasonable efforts to obtain content from sources it believes to be reliable, but cannot guarantee that the information is correct, accurate, complete or reliable. This material, other than historical fund performance, is not designed to represent the performance of a specific investment or to make any recommendation. Projections and forward-looking statements are based on assumptions believed to be reasonable; actual results may vary materially. ProShares makes no guarantees regarding specific investment results.

**The performance quoted represents past performance and does not guarantee future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than the performance quoted. For standardized returns and performance data current to the most recent month end, see the Performance page at ProShares.com.**

**Investing involves risk, including the possible loss of principal.** ProShares ETFs are generally non-diversified and each entails certain risks, including risks associated with the use of derivatives (swap agreements, futures contracts and similar instruments), imperfect benchmark correlation, leverage and market price variance, all of which can increase volatility and decrease performance. Please see their summary and full prospectuses for a more complete description of risks. **There is no guarantee any ProShares ETF will achieve its investment objective.**

**Carefully consider the investment objectives, risks, charges and expenses of ProShares before investing. This and other information can be found in their summary and full prospectuses. Read them carefully before investing. You may also obtain them from your financial adviser or broker/dealer representative. Financial professionals can call ProShares at 866-776-5125.**
