The 8 Best Water Stocks: How To Profit From One Of Life's Bare Necessities

Water is one of the basic necessities of human life. Life as we know it cannot exist without water. For this simple reason, water may be the most valuable commodity on Earth.

It is only natural, then, for investors to consider purchasing shares of the companies involved in water. There are many different companies that can give investors exposure to the water business, such as water utilities. Some other companies are engaged in water purification.

In all, we have compiled a list of 40 stocks that are in the business of water. The list was derived from three of the top water industry exchange-traded funds from Invesco (IVZ):

- Invesco Water Resources ETF (PHO)
- Invesco S&P Global Water ETF (CGW)
- Invesco Global Water ETF (PIO)

[Our new water stocks article](#) analyzes the top 8 water securities in The Sure Analysis Research Database based on expected total returns.
