Sure Analysis Top 10 Methodology: We rank the securities with A or B Dividend Risk scores from the Top 10's of the most recent *Sure Dividend Newsletter*, *Sure Retirement Newsletter*, and *Sure Passive Income Newsletter* by expected total return to find the weekly Sure Analysis Top 10.

We added 54 update reports, 9 new reports, and 2 removed reports to the Sure Analysis Research Database since last week's email update.

We are in the midst of updates from Q4 2024 earnings releases, which is why there's a high level of report updates currently.

Over the past several weeks, we removed many securities with less than 5+ years of rising dividends, and are currently replacing them with securities (new reports) with longer dividend histories.
